HYUNDAI HYSC100300

SCREW COMPRESSOR

This Hyundai screw air compressor features a 300L tank, 10hp 3-phase motor directly coupled to the screw compressor head, so no belts to worry about. The high-efficiency motor and screw compressor unit is designed for continuous operation, with long service intervals and low maintenance.

Specification

Model	HYSC100300
Tank Capacity (litres)	300.00
Frequency	50hz
Voltage(s)	400.00
Displacement (CFM)	38 CFM @8 bar/33 CFM @10 bar
Maximum Pressure (bar)	10.00
Maximum Pressure (psi)	145.00
Output (HP)	10hp
Output (kW)	7.5kW
Dimensions (LxWxH)	1450 x 600 x 1560
