

JCB-18PDG-6 PRO DIE GRINDER

The JCB Pro 18v, 6mm and 8mm die grinder offers variable speed, and easy-to-use paddle control allowing you to remove rust, polish metals or even carve wood with accuracy, precision and gain the finish you require. The universal reception allows you to fit 6mm or 8mm accessories, making it ideal when working with stainless steel, carbide burrs or other accessories (up to 75mm).
