

JCB-507IT

7PCS TORX L-KEY SET WITH HOLE

The JCB L-Key Set with Hole TORX is a 7-piece, professional toolkit designed for precise tightening and loosening of TORX fasteners with hole profiles. Ideal for locksmith, automotive, and assembly work, each key provides a secure grip and reliable performance for a wide range of applications.

KEY FEATURES

- Durable construction: Made from chrome-vanadium steel for high strength and wear resistance.
- Precision fit: Each key is specially shaped to ensure secure engagement with TORX fasteners.
- Versatile set: Covers sizes T10H to T40H for a wide range of tasks.
- Ergonomic design: L-shaped keys provide excellent leverage and control.
